

Week 1: 4.1 Comparing

Animals

CLASSROOM RULES

1

Raise your
hand to speak.

2

Listen when
others are talking.

3

Walk and
work safely.

4

Be kind and
help others.

5

Speak English
at all times.

6

Always do
your best.

Period 1

Hyena

Wolf

Tiger

To compare the body parts and coverings of humans and animals.

**I can name
animal body
parts and
coverings.**

**I can tell if an
animal is a
mammal or a
bird.**

**I can say how
two animals are
the same and
different.**

Animal Move Game

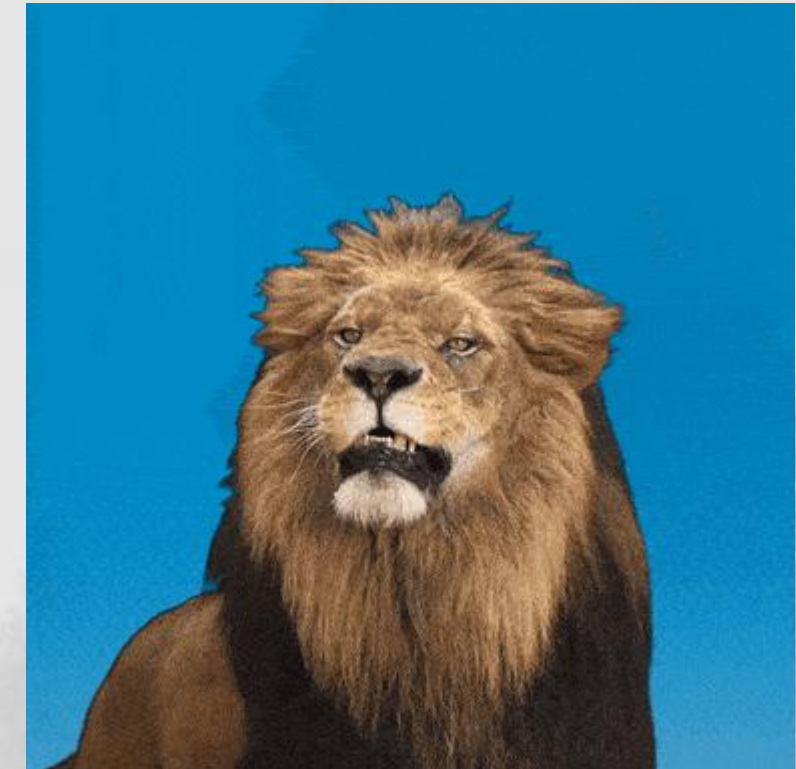

“Walk like a giraffe”

“Flap like a bird”

“Roar like a lion”

“Walk like a bear”

“Walk like chicken”

Key Vocabulary

mammal

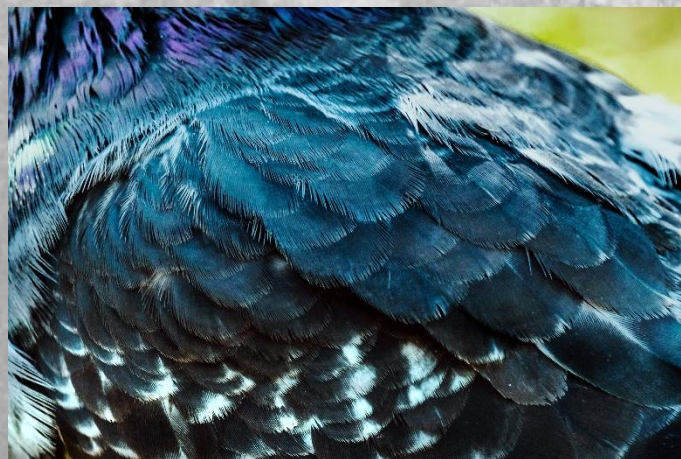

bird

fur

legs

feather

tail

Think-Pair-Share

Can you find THREE things that are the same?

Both have four legs.

Both have a tail.

Both have fur/hair.

Can you find ONE thing that is different?

The giraffe has a longer neck.

Animals that have **hair or fur are
mammals.**

Dog

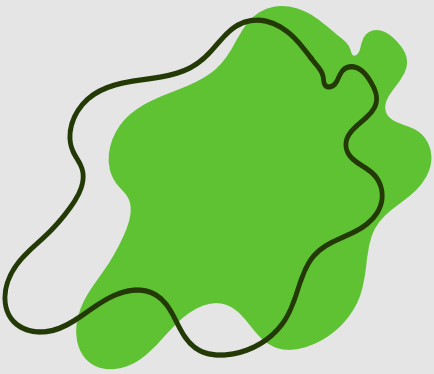

Cat

Elephant

Examples of Hair or Fur of Mammals

Zebra fur

Giraffe fur

Human hair

People are special kind of mammals.

We are called humans.

Most mammals have four legs.

Dog

Cow

Cat

Most mammals have tails.

Dog

Cat

Monkey

Mammals give birth to **live young**.

Dog

A dog gives birth to puppies.

Cat

A cat gives birth to kittens.

Cow

A cow gives birth to a calf.

Mammals found in the sea.

Dolphin

Whale

Seal

Birds

Sparrow

Pigeon

Parrot

Eagle

Penguin

Ostrich

Birds have feathers.

Birds have **legs** and **wings**.

Birds **lay** eggs.

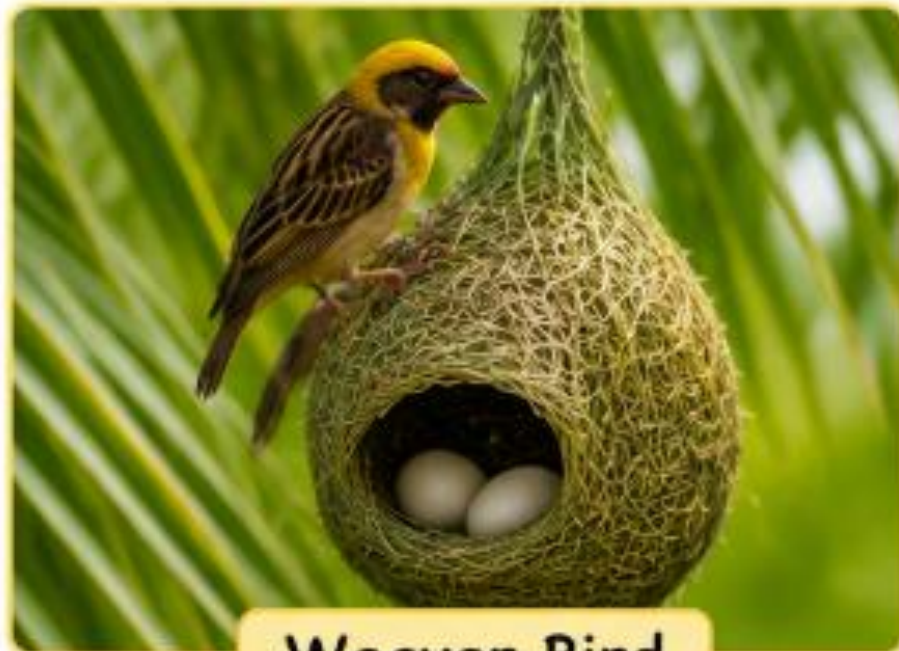

Hen

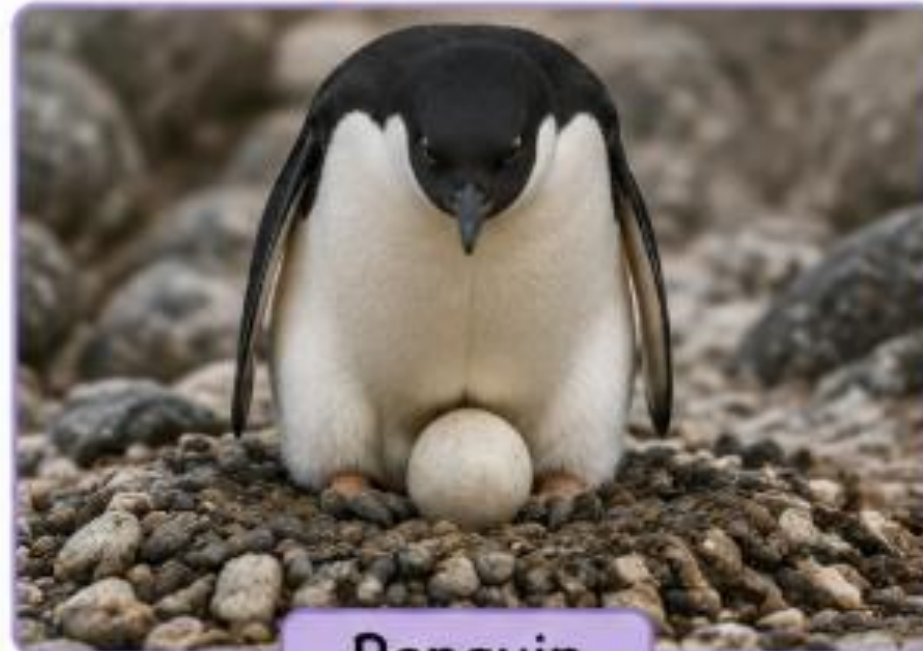

Duck

Pigeon

Weaver Bird

Penguin

Sparrow

Let's Practice

Have feathers.

Lay eggs.

Give birth to live young.

Drink milk.

Most of them can fly.

Have hair or fur.

Birds

☐☐☐

Mammals

☐☐☐

Mammals and Birds

Compare these animals.

Similarities (Same)

- ✓ Both are **mammals**.
- ✓ Both have **fur**.
- ✓ Both have **four legs**.
- ✓ Both have **a tail**.

How are they different?

Zebra

**black and white
stripes**

short neck

shorter

Giraffe

brown spots

long neck

taller

In a group of 4, sort the animals into mammals and birds.

Name: _____ Class: _____

Mammals	Birds
	

Independent Practice

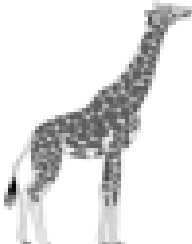

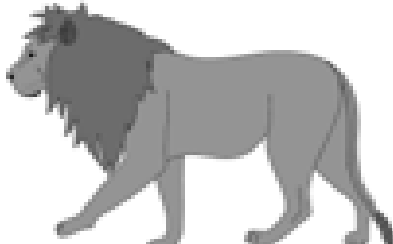

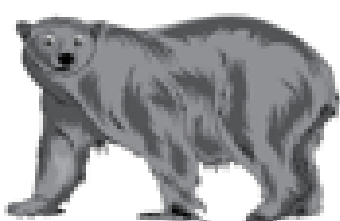

Blue Challenge

A. How are these animals similar? How are they different?
Put a tick ✓ or a cross X for each sentence.

 parrot	Both animals have feathers. ☒ Both animals have wings. ☐	 chicken
 giraffe	Both animals have a tail. ☐ Both animals have 4 legs. ☐	 lion
 bear	Both animals have wings. ☐ Both animals have fur. ☐	 flamingo

B. How are these animals similar? How are they different? Use these words.

similar different

 parrot	Number of legs. _____ Number of wings. _____ Has feathers. _____ Shape. _____	 chicken
 giraffe	Number of legs. _____ Has a tail. _____ Has fur. _____ Long neck. _____	 lion
 bear	Number of legs. _____ Long neck. _____ Has feathers. _____ Shape. _____	 flamingo

Plenary

Tell me one difference between a mammal and a bird.

Mammal

Bird

Success Criteria

**I can name
animal body
parts and
coverings.**

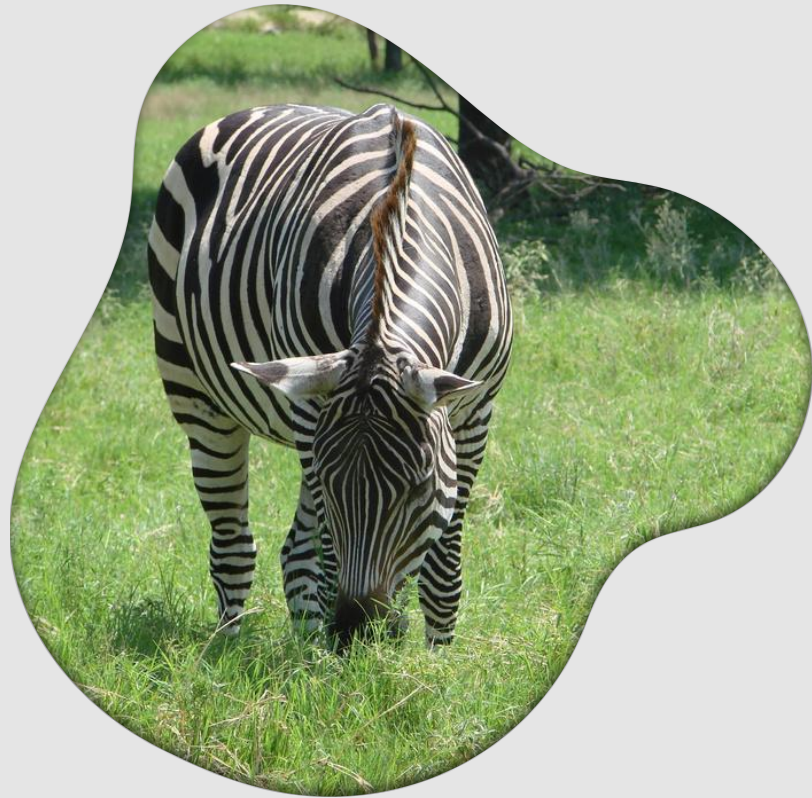

**I can tell if an
animal is a
mammal or a
bird.**

**I can say how
two animals are
the same and
different.**

Comparing Animals

Period 2

LO: To sort animals and make a block graph.

**I can sort animals
by their features.**

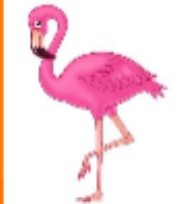

**I can count the
animals in each
group.**

**I can show the
results in a block
graph.**

Retrieval Practice

 penguin	 bear	 whale	 parrot	Mammals				Birds								
 toucan	 humans	 canary														
 flamingo	 tiger	 elephant														

Classifying Birds and Mammals

How many legs?

snail

0 legs

ant

6 legs

ladybug

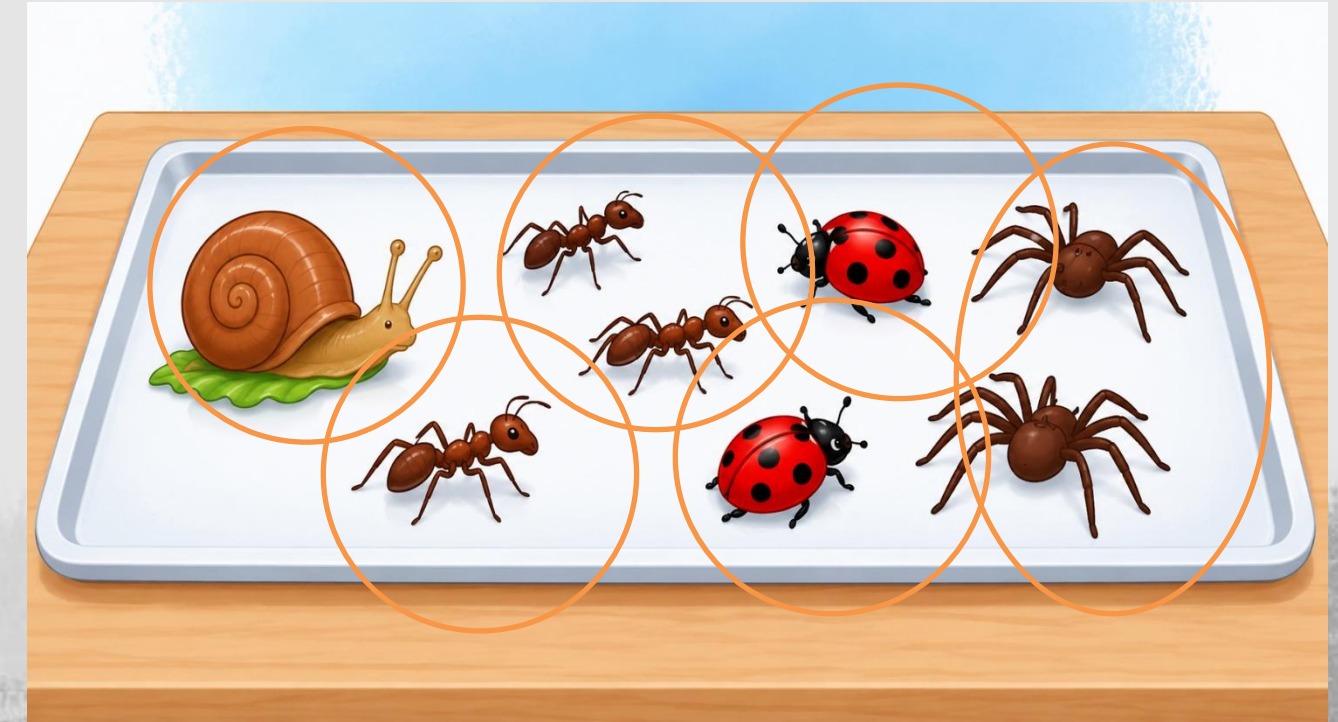

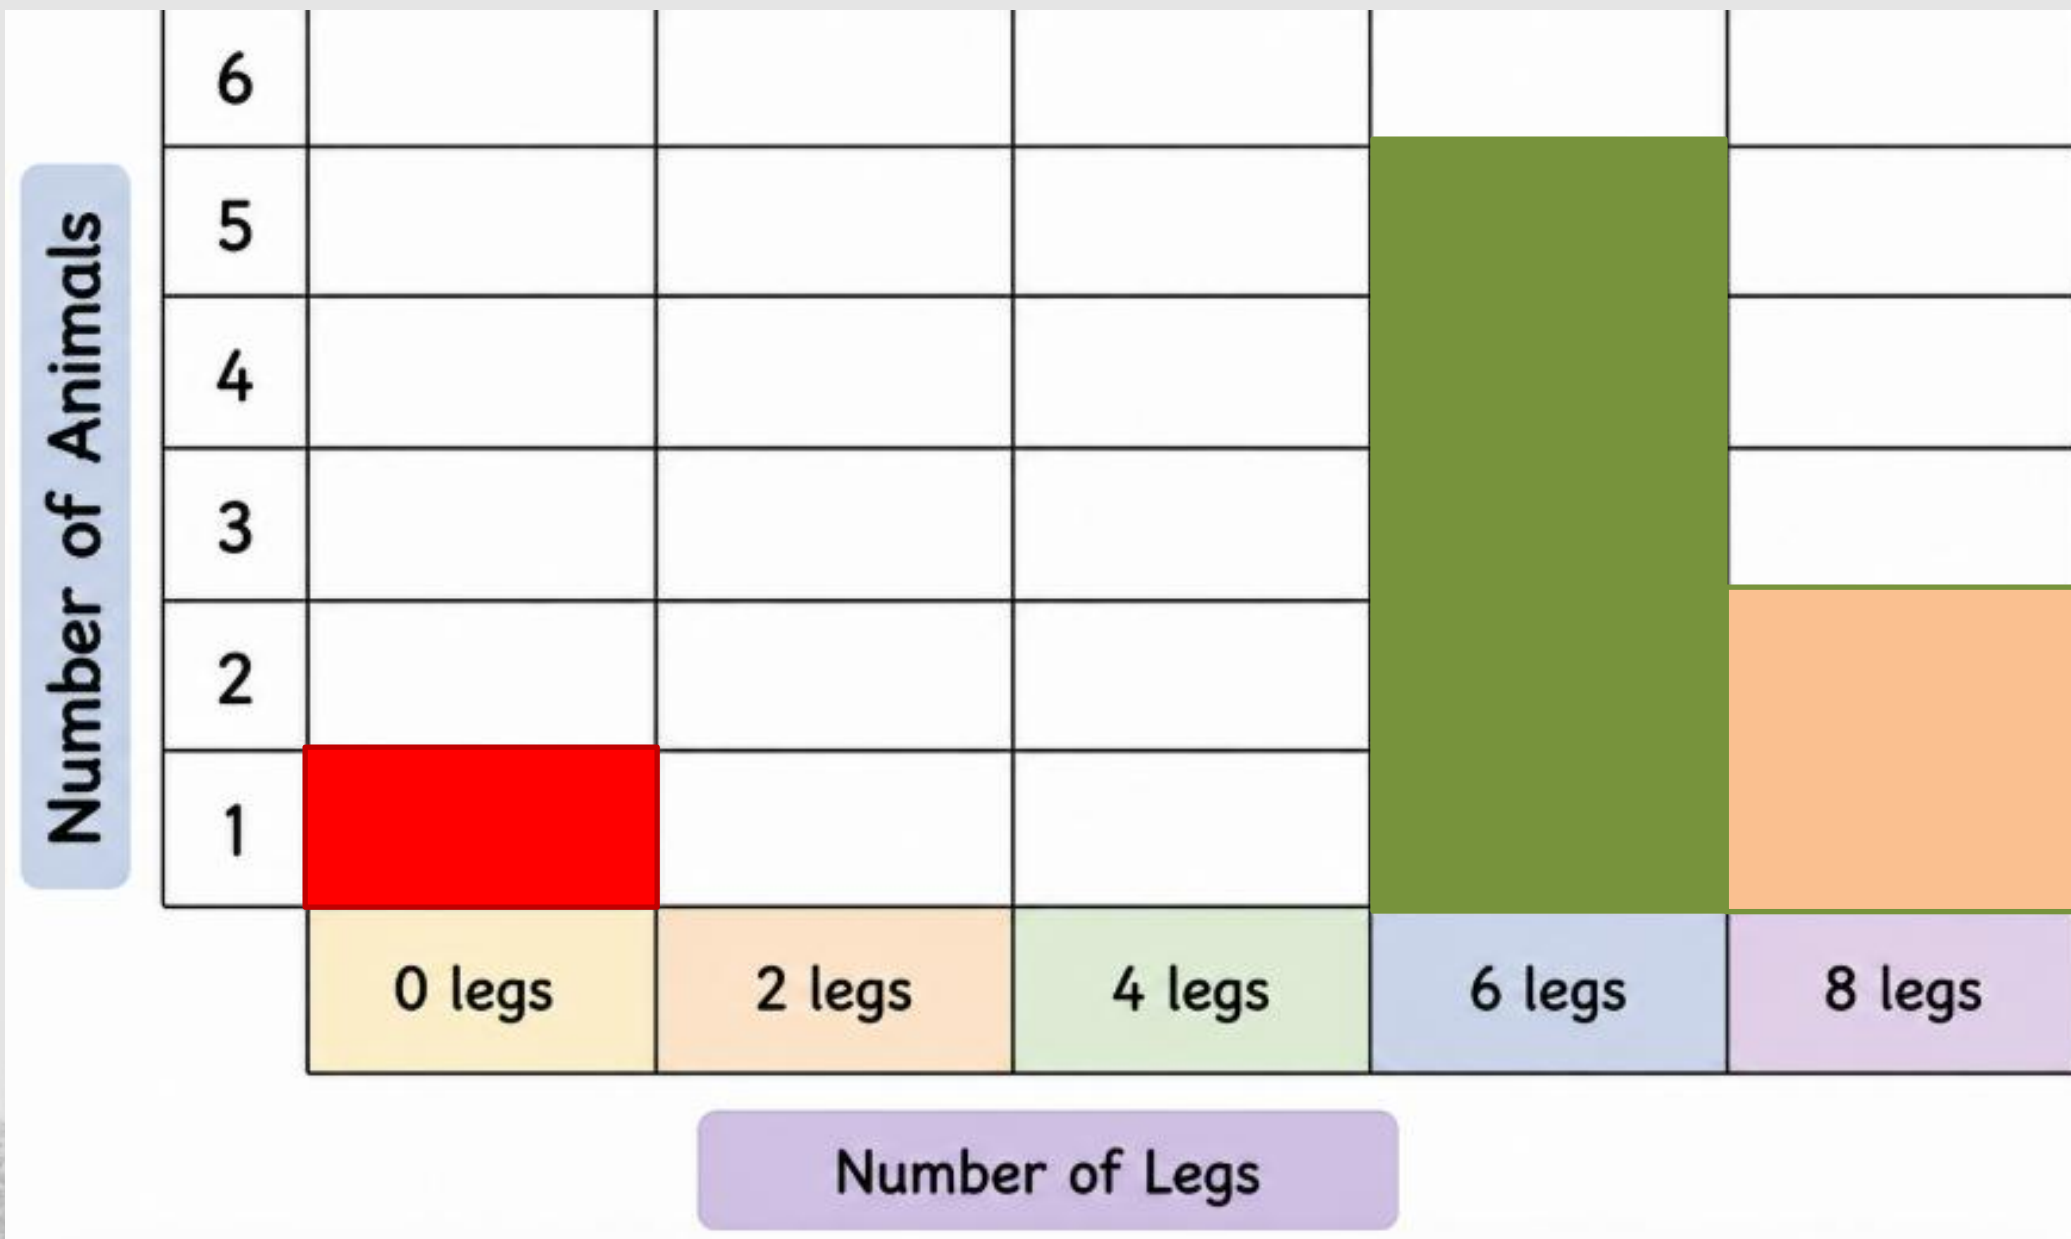

6 legs

spider

8 legs

Block Graph

Independent Practice

Green Challenge

4 Humans and animals grow

> 4.1 Comparing animals

Focus

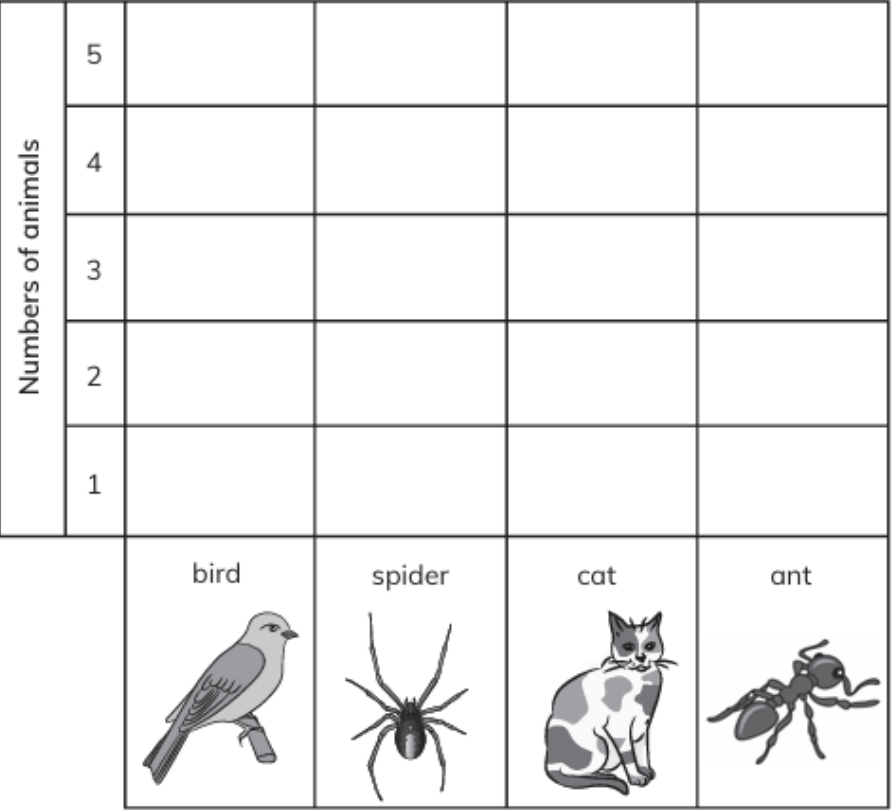

Zara has a question about animals.
She has done an investigation to find the answer.
Here are her results shown as a tally chart.

bird	spider	cat	ant
			
III	I	I	III

4.1 Comparing animals

1 Fill in the block graph.

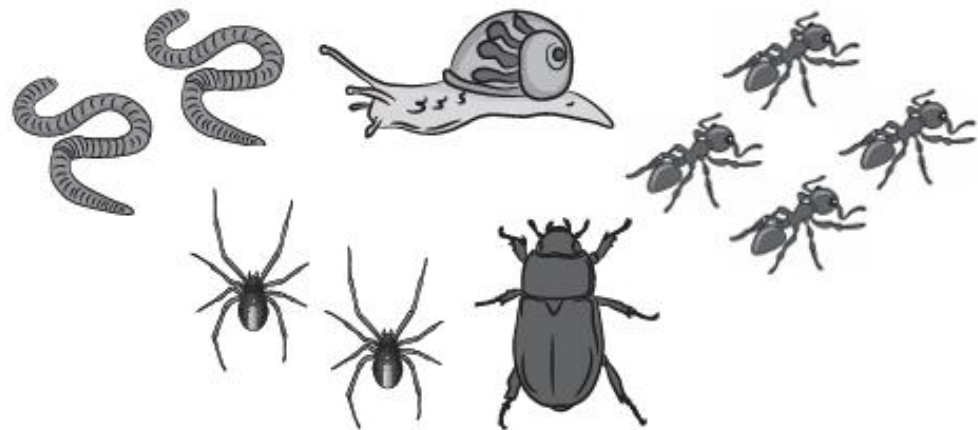

Independent Practice

Blue Challenge

Practice

Look at these animals.

2 Fill in this tally chart.

0 legs	2 legs	4 legs	6 legs	8 legs

3 Fill in this block graph.

Numbers of animals	5					
	4					
	3					
	2					
	1					
		0 legs	2 legs	4 legs	6 legs	8 legs

Red Challenge

Challenge

Arun makes a block chart about the colour of animals he found in the park.

Numbers of animals	5			
	4			
	3			
	2			
	1			
		Black animals	Brown animals	Grey animals

- 4 a How many black animals did he find? _____
- d How many brown animals did he find? _____
- e How many animals did he find altogether? _____
- f How many more brown animals did he find than grey animals?

LO: To sort animals and make a block graph.

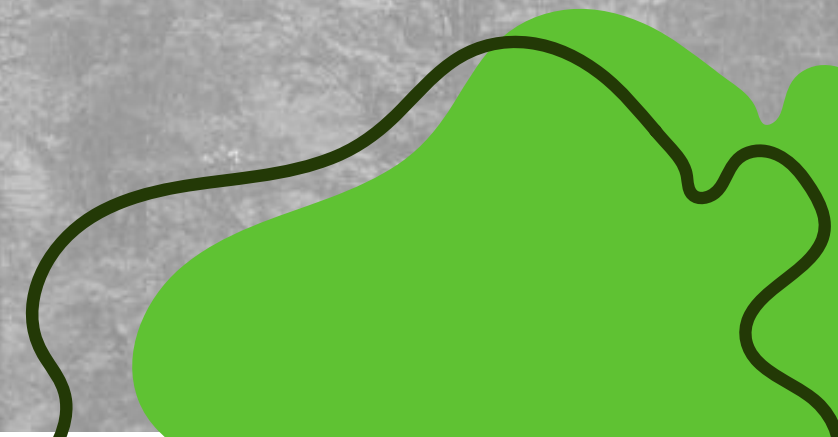

**I can sort animals
by their features.**

**I can count the
animals in each
group.**

**I can show the
results in a block
graph.**

Thank You
